**DOES MONEY CAUSE STRIFE?**

Judge Julius H. Minor said, "Money causes marital strife." That's true but it also has been the incentive for men to rise to fame and fortune. Money built Torrance, gave us books, electric blankets and inexpensive cameras.

Money may be a curse but show me the boy who wades through water, breathes the winds and endures the heat to deliver our newspaper and I'll show you a boy who values money. We watch the ads for the latest styles and to get the greatest value for our money; we give money to Boy's Town, Y.M.C.A., our church, invest in new enterprises or save it so banks can finance pay rolls, homes, build cities and make farms more productive.

Murder has been committed for money; at the other extreme we enjoy our automobile because men were willing to gamble there was oil a mile under ground. Money nourishes the roots of Capitalism, and that's America. I wouldn't change it.

publican Central Committee for the 68th Assembly District. He urged that any Republican who wants to become a candidate for the State Assembly contact him at 2521 Border Ave., or through Republican District Headquarters, 1337 El Prado.

**Skindiver Shoots**  
**Spear Into Foot**

A 16-year-old Torrance skindiver shot himself in the foot on Torrance Beach Wednesday with a buddy's diving spear. Lifeguards found Larry Lee Grisham, 1220 Coia Ave., in a state of shock and severe pain with one of three barbed prongs of a diving spear through his left foot. The spear, which belonged to William Burgess, 16, of Torrance, was accidentally discharged by Grisham while re-

turning to the beach after skin-diving with Burgess. The spear was propelled into Grisham's foot by the elastic band in the "gun." Lifeguards cut off the handle of the spear with boltcutters and bandaged the foot. Then Grisham was brought to a family physician
